Dear Colleagues and Oncology Practitioners,

I would like to invite you to the Oncology Training which will take place on October 5th-6th, 2018 at Kusadasi Korumar Ephesus Hotel.

The training will cover the requirements of handling hazardous drugs based on patient and healthcare worker safety in accordance with international and national current standards, as well as supportive care in cancer treatment.

Training will be conducted as a collaboration of ISOPP (International Society of Oncology Pharmacy Practitioners) and TÜKED educators. The aim of the training is contributing to the professional development of oncology pharmacists and health care workers in line with scientific and up-to-date information.

At the end of the training, participants will receive an ISOPP-TÜKED approved certificate for oncology practitioners. The number of participants is limited and the training will be repeated regularly.

Detailed information on training can be found on the website (<http://www.tuked.org>).
